

ALEXANDER MUSS HIGH SCHOOL IN ISRAEL

The Ultimate College Prep Study Abroad Adventure

Since 1972, Jewish National Fund-USA's Alexander Muss High School in Israel (Muss) has been the premier academic study abroad program for over 35,000 high school students around the world. At Muss, students get the opportunity to:

- Keep up with their coursework from home, preparing them for college via top-tier courses and dedicated teachers.
- Learn outside the classroom, traveling and experiencing 4,000 years of Jewish and Israeli history on *tiyulim* (field trips).
- Strengthen their Jewish identity, inspiring them to explore their connection to Israel.
- Become exposed to the local culture, language, people, and environment in Israel.

Academic sessions include an in-depth study of Israeli history as well as Hebrew language classes. Additionally, we are fully accredited by the Middle States Association of Colleges and Schools, so students are able to coordinate with guidance counselors to bring their current coursework to Israel and receive General Studies instruction during the academic school year. Juniors and seniors are also eligible to receive up to six university credits from University of Miami.

For over fifty years, Muss has transformed the lives of over 35,000 alumni, connecting them to the land and people of Israel.

High School in Israel builds a community of future Jewish leaders who:

- Boost their chances of getting into the university or college of their dreams.
- Are more likely to stay involved in programs that give back to the land and people of Israel, including Jewish National Fund-USA.
- Embrace new experiences by expanding their perspective and worldview, and discover a newfound sense of independence.
- Develop a deeper connection to their Jewish identity and know they have a second home in Israel.

"Living away from home has given me a whole new level of independence and has allowed me to connect with my friends in a unique way. I'm so grateful to have the opportunity to deepen my connection with the Jewish homeland and share this amazing experience with them."
